MEMORANDUM FOR: Chief, Systems Section, HSB/OS

FROM: Bruce T. Johnson  
Chairman, Fine Arts Commission

SUBJECT: Secure Access Control System (SACS) Badge  
Terminals in Printing & Photography  
Division (P&PD) Building

REFERENCE: Your memo, dtd 15 June 82, same subject.

The Fine Arts Commission has no objection to the proposed configuration for SACS terminals in the P&PD building. Our concurrence is based on the understanding that the new partitions shown on your diagram will be only waist high. Ceiling-high partitions would make the entry hall quite dark and would be unacceptable.

*TO BT: Apparently there is going to be some construction in that it looks like the walls will be extended to meet the location of the SACS equipment. This will make the lobby area more confining but shouldn't pose any great problem. Other than that it looks OK.*
